

Ohana Villa

Region: Tobago Sleeps: 4 - 8

Overview

Ohana Villa is a tropical house that has to be seen to be believed. It is totally unlike any other property on this beautiful and peaceful little island. It sits high up on the end of a small sandy cove and enjoys open and sweepingly dramatic views across the ocean.

The owners of this very special house live very busy lives and conceived it as a haven of peace and quiet that they could escape to with family and friends to share some quality and simple back-to-nature time. Now they invite you to share its magic. On arrival you'll find the stressed city person disappears, the swim suits go on and the pure ocean breezes begin to work their relaxing charms.

The property has screened doors, windows, and a porch with which to enjoy the tropical atmosphere. Two pools are available to be enjoyed for a refreshing dip at any time of day. Golf, tennis, and water sports are all available nearby.

Restaurants are only a one minute walk away and the local supermarket is a 15-minute drive. Four bedrooms with en-suite bathrooms provide luxury accommodation for a large family or up to 4 couples. A bunk and a crib can also be provided for children. There are also two additional bathrooms.

Location & Local Information

Trinidad and Tobago are sister islands that are known locally as T'nT - although quite close geographically they are miles apart in terms of character. Trinidad is a bustling, cosmopolitan, culturally diverse, industrialised island, with one of the strongest emerging economies in the area and Tobago is the complete contrast.

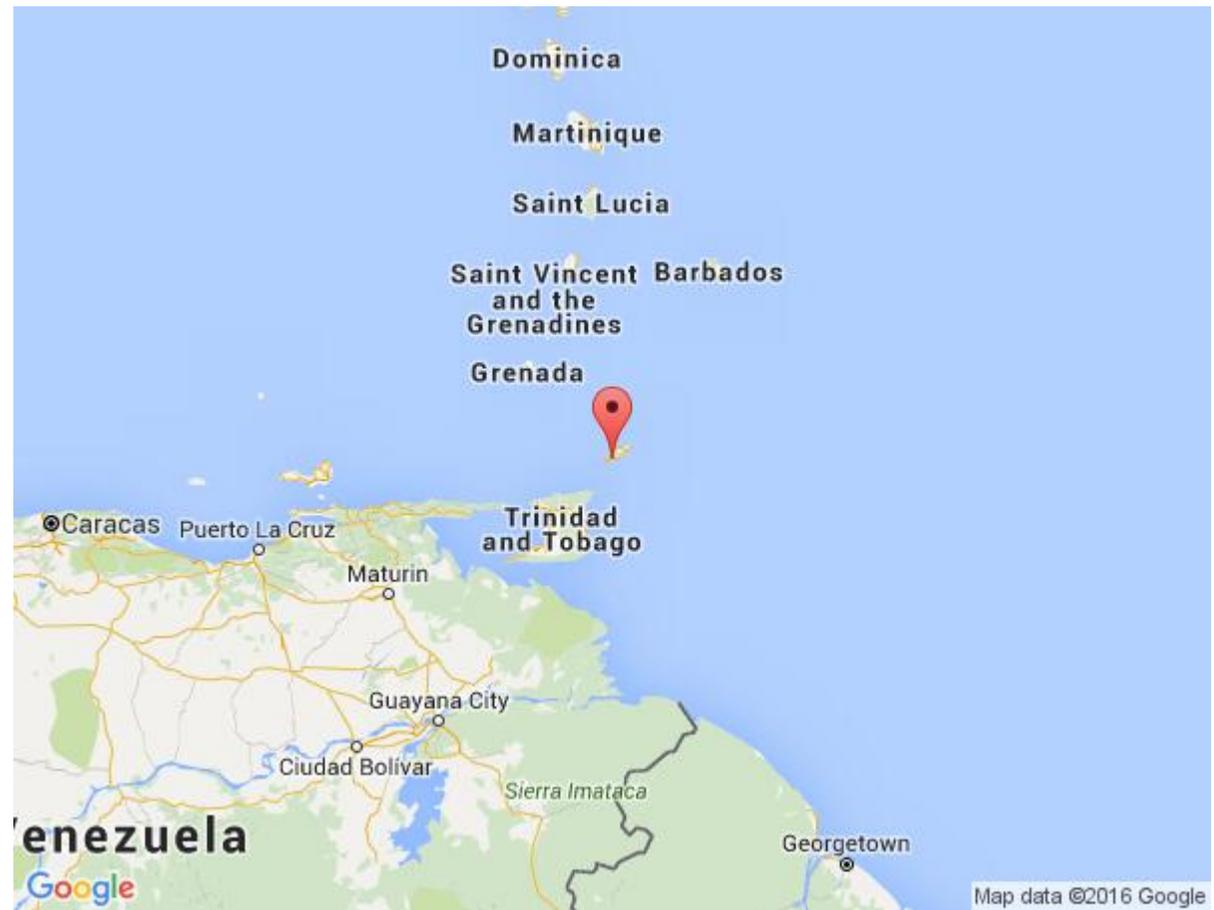

Tobago is the original Robinson Crusoe island, it is one of the last unspoilt secrets of the Caribbean – commercialisation leaves it untouched. The interior is lush rainforest and surrounding it are quiet, sandy beaches. In the past several European nations have fought for its charms, but the British have left the most lasting impression and English is widely spoken. Tobagonians are kind and friendly people, extremely proud of their home and inviting of vacationers wishing to partake in their culture.

Tobago is an utterly captivating holiday destination, here are just a few reasons why Family Rest Villa is situated in one of the most beautiful and idyllic islands on earth:

- Tobago is the south of the Hurricane belt
- There are an abundance of birds, wildlife and empty beaches – not a tower block in site.
- Fabulous snorkelling and scuba diving opportunities.
- Championship golf and fishing.
- It is home to the oldest protected rainforest in the western hemisphere.
- Coral reefs, manta rays, angel fish, wild parrots and 90p beers!
- Wonderful local people – dignified, friendly and talented.
- Excellent and varied cuisine.

Trinidad & Tobago is positioned at the base of the Caribbean near the coast of Venezuela. You can fly on Air Canada, British Airways, BWIA, Virgin, Air France, Monarch, American Airlines, Sky Service, LIAT, Caribbean Star and Condor. BWIA and Tobago Express make connections on the 15 minute flight between the islands. Pickup from Crown Point airport can be arranged and it takes 20 minutes to drive to Family Rest Villa.

Local activities include: Spa, Golf, Rainforest Tours, Shopping, Bird Watching, Yoga, Turtle Watching, Surfing, Boogie Boarding, Sailing, Scuba Diving, Horseback Riding, Wake Boarding, Jet Ski, Kite Surfing, Fishing, Snorkeling, Glass Bottom Boat, Goat and Crab Racing.
